

Pastor's updates

July 16, 2021

Things you may want to know this week

1. Church Heating update: Last Tuesday, representatives from 3 companies with Steve Bowers, the Director of Building Construction of the Archdiocese and Rob Aveson, our Parish Pastoral Council chair, conducted a “walk through” in our church as part of the bidding process for our church heating system project. We hope to get 3 bids within 3 weeks.

2. Festival Update: Marcee Wardell, the Festival chairperson, has announced the launching of the website for the festival. They will be updating it with additional information but for now people can visit and buy t-shirts, and sign up for the car show or donate money.

3. Vaccination Update: The Delta Variant is on the rise. Vaccination is very important for your protection. **Ryan Quock**, our young vaccination ambassador has put up a short survey so that we may gain an insight into the people within our St. Robert's/San Bruno community. Please take the survey by clicking the link: [Vaccination Survey \(google.com\)](#)

4. Not too much updates other than being busy with pastoral duties, responding to “sick calls” (that is, responding calls for the Sacrament of the Anointing of the Sick), blessing a deceased person who just died, saying Funeral masses and taking care of the aging buildings, the water pipe that was broken that resulted to a flooding in our rectory's garden, the water heater in the convent that was not working, the faucet that was leaking that needed to be replaced, and many other things. It's fun to be busy!

FAZnotes
(Father Arnold Zamora)
July 16, 2021

Dear parishioners and friends of St. Robert's,

Improve yourself.

Be someone better but stay as yourself.

Forget who hurt you yesterday but don't forget who loves you every day.

Forget the past that made you cry and focus on the present that makes you smile.

Continue to be an instrument of God's blessing to others!

God's peace with you!

Fr. Arnold
